

## LOWER VILLAGE LAND

Land in Hirafu Village is getting harder and harder to find with lots selling quickly once they reach the market.

Niseko Realty are pleased to present this small but well located piece of land for sale close to the lower village bluff. The surrounding blocks are yet to be developed with some being held for some time so there is a chance to expand on the size of the block by approaching the neighbors to gauge interest in selling.

The block is also well located and a easy walk to a handful of Hirafu's top Japanese restaurants.

This block would be ideal for a new house build for the family vacation home as it will have view corridors down the road to the volcano.

Middle / Lower Hirafu
