Hirafu Village Sekka House

Sekka House was built in 2006 by the developers of the Sekka Brand. The chalet set out over three floors with the sunken living, kitchen, drying room located on the ground floor then all bedrooms located on the upper levels. Each of the en-suite bedrooms are extremely spacious and all equipped with a full size western bath. The top floor bedrooms each have a decent size covered veranda to utilize both in winter and summer.

Recently the owners made some light renovations to the property including the covered entrance way for ski storage.

Sekka House is managed by Holiday Niseko one of the longest operators in the village and is one of the better performing chalets in Hirafu Village on the rental side.
