

HEART OF ANNUPURI LAND

Niseko Realty are pleased to be able to offer this rare gem in the heart of Annupuri Village in Niseko. The block is located a short walk from a selection of restaurants, cafes, rental shops along with some of Niseko's most famous outdoor onsens. The ski hill is also a short walk and for the intermediate skier and above you can ski tour back into the land.

Annupuri

The land has excellent care free topography for your future chalet build along with being a corner block allowing for a slightly larger GFA. Annupuri is located in the semi-quasi national park meaning that the restrictions allow for plenty of greenery around new developments resulting in a sense of space from your neighbor.

Land 1,012 m2

As we mentioned blocks like this are rare in Annupuri so contact Niseko Realty to secure this today.
