

HANAZONO NORTH HILLS CHALET LAND

Niseko Realty are pleased to present this well-located block of land in North Hills, Hanazono. Favored in recent years by international developers and brands such as Park Hyatt & Nikko Style Hotel, Hanazono has become the area of choice for investors and plans for future projects in close proximity are already underway.

With the expansion of the ski resort and surrounding areas set to continue this is the perfect time to purchase in the area, presenting a very rare opportunity to secure a piece of Hanazono and take advantage of the future infrastructure.

This unique block is 1,279 sqm on relatively flat land, surrounded by a verdant forest gently descending towards the creek at the back. An optimal site to witness the change of seasons, with ample natural light and wide-open views.

North Hills is the perfect spot to build a luxury chalet for your family, only a few minutes drive from Hanazono ski resort, Hanazono golf course & Niseko's main commercial hub Kutchan, where you can easily access supermarkets, the train station, as well as an array of shops and restaurants.

This block presents the best value in the Hanazono area.
