MODERN KUTCHAN COMMERCIAL BUILDING

Completed in 2019, this two-story commercial building is perfect for an owner-user or as an investment.

Currently run as a restaurant with additional seating and/or event space on the 2nd floor, this property is suitable for F&B as well as other commercial operations. In addition, there is (covered) parking for approximately 5 cars lining the front and side of the building.

This large commercial site is ideally located in the restaurant district of Kutchan, only 650 meters from the Kutchan Station, the future site of the Shinkansen. With property values expected to steadily incline as the bullet train nears completion, it's the perfect time to buy in Kutchan.
